Verse 1

Thank You for the price You paid
You gave Your life now we are saved
We stood condemned and held the blame
Until You swept all sin away

Chorus

We step into
Your unending grace
For Your mercy is without any end
We step into
Your loving embrace
Knowing You will surely come to defend

Verse 2

When darkness seems to overcome
And doubt creeps in to steal our hope
True love will wipe our tears away
And You say, "Come, I've freed you now"
